

999.00 EUR  
incl. 19% VAT, plus [shipping](#)

- Fanless Black Aluminum Enclosure
- Support Intel LGA1151 Socket 6th & 7th generation Pentium, Core i3, i5, i7 Processors, Up to 35W
- Support DDR4-2133 SODIMM up to 32GB
- Support 3 \* HDMI
- Support 2 \* 2.5" SATA HDD
- Support Onboard TPM IC
- Watchdog Timer, 120W 19V AC Adapter

| CPU/Chipset     | – Intel® LGA 1151 Socket 6th & 7th generation Core i7 / i5 / i3 /Pentium CPU (35W)<br>– Intel® Q170 chipset<br>Notes : When the system runs, CPU will automatically adjust its working clock frequency according to changing workload. |
| Memory          | – 2 * SO-DIMM slots / dual channel DDR4-2133 up to 32GB total                                                                                                                                                                          |
| Storage         | – 2 * 2.5" SATA3 6Gb/s internal drive bay<br>– 1 * Full-size mSATA slot                                                                                                                                                                |
| Network         | – 2 * Intel Gigabit LAN (i219LM,i211AT)                                                                                                                                                                                                |
| Expansion       | – 1 * Half-size Mini-PCI Express shared slot (for WIFI module)                                                                                                                                                                         |
| Rear Panel I/O  | – 4 * USB 3.0 ports<br>– 3 * HDMI<br>– 2 * RJ45<br>– Line-in, Line-out, MIC<br>– 2 * COM (RS232/422/485), 4 * COM (RS232/optional)<br>– 1 * DC-In jack                                                                                 |
| Front Panel I/O | – 1 * Power button, 1 * HDD LED<br>– 2 * USB 2.0 ports<br>– 2 * 2.5" HDD Tray (Easy to replace the hard disk, does not support hot swap)                                                                                               |

|              |                                                                          |
|--------------|--------------------------------------------------------------------------|
| Power Source | – FSP AC to DC Adapter 19VDC-6.3A 120W                                   |
| Compliance   | – CE, FCC, LVDS, RoHS, ErP Ready                                         |
| Temperature  | – Operating Temperature: 0 ~ 40° C<br>– Storage Temperature: -20 ~ 75° C |
| Dimensions   | – 290 (W) x 207 (D) x 65 (H) mm                                          |
| Packing      | – Net Weight: 3.8KG<br>– Gross Weight: 4.8KG                             |
| OS Support   | – Windows 7, Windows 8.1, Windows 10, Linux                              |
| Warranty     | – 2 Year limited warranty                                                |
